Maybe even better than free.

This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. Keep your files private, or send your download links only to friends or family. We have no file size limit. Simply upload your file and share the link. When you use file, you avoid storing the file you're sending in your cloud storage or mail server. filehosting provides an easy possibility for you to send large files to your friends. Our service is completely free for everyone. You can upload any type of file (movies, music, documents, images, zip files and more). Your wallet will be none-the-lighter! Just so we're all 100% clear here: When youshare a file, data is being transferred between your computer or phone and our servers, then from our servers to your friends device. If only we could, we surely would! On the other hand, using file can actually save you money. Just upload the file you want to share with your friends and we send you a download link to your file. Unfortunately, we can't make that part free. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many teamchat apps have limits to the size of files that can be transferred within their apps. You don't need any special software installed to be able to download your files. Using file, you can circumvent those limits without paying to upgrade your team chat service. You decide who you want to share your files with. Any file inany format can be uploaded and downloaded for free. No account or credit card is required to get started. Alternatively you can choose to share your downloadlinks on blogs, forums and social networking sites. File is free to use with no gotchas and no hidden fees. It is also allowed to link to the download page fromwebsites and communities. There are no restrictions on the number of times a file can be downloaded. The cost of that data transfer is covered by your internetservice or the data plan on your phone. So try our free and simple filehosting service now. Files can be downloaded from any computer from our high speedservers. You can give this download link to your friends by mail or instant messenger. Files transferred the old-fashioned way tend to pile up and be forgottenabout, eventually costing you money in data storage fees.
