Maybe even better than free.

filehosting provides an easy possibility for you to send large files to your friends. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. So try our free and simple filehosting servicenow. Alternatively you can choose to share your download links on blogs, forums and social networking sites. If only we could, we surely would! On the otherhand, using file can actually save you money. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. The cost of that datatransfer is covered by your internet service or the data plan on your phone. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. There are no restrictions on the number of times a file can be downloaded. Using file, you can circumventthose limits without paying to upgrade your team chat service. Files can be downloaded from any computer from our high speed servers. You decide who youwant to share your files with. Keep your files private, or send your download links only to friends or family. File is free to use with no gotchas and no hiddenfees. Simply upload your file and share the link. Any file in any format can be uploaded and downloaded for free. Unfortunately, we can't make that part free. Just upload the file you want to share with your friends and we send you a download link to your file. No account or credit card is required to get started. Whenyou use file, you avoid storing the file you're sending in your cloud storage or mail server. You can upload any type of file (movies, music, documents, images, zip files and more). It is also allowed to link to the download page from websites and communities. Your wallet will be none-the-lighter! Just so we're all 100%clear here: When you share a file, data is being transferred between your computer or phone and our servers, then from our servers to your friends device. Wehave no file size limit. You don't need any special software installed to be able to download your files. You can give this download link to your friends by mailor instant messenger. Our service is completely free for everyone.
