[Updated : Sunday 13 June 2021](#)

Maybe even better than free.

You decide who you want to share your files with. filehosting provides an easy possibility for you to send large files to your friends. If only we could, we surely would! On the other hand, using file can actually save you money. Using file, you can circumvent those limits without paying to upgrade your team chatservice. Unfortunately, we can't make that part free. You can give this download link to your friends by mail or instant messenger. No account or credit card isrequired to get started. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between yourcomputer or phone and our servers, then from our servers to your friends device. Files can be downloaded from any computer from our high speed servers.Keep your files private, or send your download links only to friends or family. Our service is completely free for everyone. Simply upload your file and sharethe link. Any file in any format can be uploaded and downloaded for free. When you use file, you avoid storing the file you're sending in your cloud storage ormail server. You don't need any special software installed to be able to download your files. It is also allowed to link to the download page from websites andcommunities. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. We have no file size limit. Alternatively you can chooseto share your download links on blogs, forums and social networking sites. So try our free and simple filehosting service now. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. File is free to use with no gotchas and no hidden fees.The cost of that data transfer is covered by your internet service or the data plan on your phone. Why pay storage fees for a file that you just wanted to send to afriend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. There are no restrictions on the numberof times a file can be downloaded. You can upload any type of file (movies, music, documents, images, zip files and more). Just upload the file you want toshare with your friends and we send you a download link to your file.
